VARIANCE REQUEST - BASIC INFORMATION

The Board of Adjustment does not have unlimited discretion in deciding whether to grant a variance. Under the State Enabling Act, the Board is required to reach four conclusions as a prerequisite to issuance of a variance. Specifically, the four findings are as follows:

- a. Unnecessary hardships would result from the strict application of the ordinance. It shall not be necessary to demonstrate that, in the absence of the variance, no reasonable use can be made of the property.
- b. The hardship results from conditions that are peculiar to the property, such as location, size or topography. Hardships resulting from personal circumstances, as well as hardships resulting from conditions that are common to the neighborhood or the general public, may not be the basis for granting a variance.
- c. The hardship did not result from actions taken by the applicant or the property owner. The act of purchasing property with knowledge that circumstances exist that may justify the granting of a variance shall not be regarded as a self-created hardship.
- d. The requested variance is consistent with the spirit, purpose and intent of the ordinance, such that public safety is secured, and substantial justice is achieved.

All of these findings of fact shall be made in the indicated order by the Board of Adjustment, which is not empowered to grant a variance without an affirmative finding of fact on all four categories above. Each finding of fact shall be supported by substantial evidence in the record of proceedings before the Board.

The Board may impose reasonable conditions upon the granting of any variance to insure that the public health, safety, and general welfare shall be protected and substantial justice done. Violation of such conditions shall be a violation of this Ordinance.

I received a copy of the above requirements outlining the conclusions required to be found for the granting of a Variance by a Board of Adjustment and have been informed that the burden of providing evidence to support such conclusions to obtain such variance rest with the applicant. I have also been advised of the application process by staff and received the opinion of the North Carolina Bar Association regarding legal representation in quasi-judicial proceedings.
