City of Asheboro's Annual Report

The City of Asheboro has made its first comprehensive annual report for the 2011 calendar year available on its Web site at www.asheboronc.gov. A printed copy is also available for viewing at the City Manager's office. The report gives an overview of the major accomplishments and activities within City departments. In addition, it includes a summary of the City's audited financial report for the 2010-2011 fiscal year.

"As a public service agency, so one of our duties is reporting to our citizens about what we've been doing," said City Manager John Ogburn. "It's the nuts and bolts of municipal government – how much trash we're collecting, how many police calls we're responding to, how many building permits we've issued. That's what we're here to do, and we think it's important to report back to our community about that. We have employees working 24 hours a day, 365 days a year to make Asheboro an outstanding place to live."

Residents with questions about the report should call 336-626-1201 x 218.
