In accordance with NC Electrical Code Volume IV, Section 101.8, application for temporary power is hereby made for the following:

General Contractor: _____ **Date:** _____

Mailing Address: _____ **Phone:** _____

Location of Building: _____

Reason for Temporary Power: _____

State explicitly the portions of the electrical system for which the application is made:

If plumbing and/or mechanical systems are to be operated written permission must accompany this form.

Security and Notification: The responsible agent shall maintain the energized electrical system or that portion of the building containing the system in a secured and locked manner or under constant supervision to exclude unauthorized personnel. The responsible agent shall assume the responsibility to alert personnel working in the vicinity of the energized electrical system to its presence.

Consent of Responsible Agent: The responsible agent shall consent to all provisions of this Article. Additional consent shall be extended to remove or allow to be removed all power supplied to a building or structure under these provisions when in the sole discretion of the authority having jurisdiction, such service is no longer consistent with the provisions of this Article. Such consent shall be in writing as prescribed by the authority having jurisdiction.

Inspections: Adequate inspections as deemed necessary by the local authority having jurisdiction shall be made prior to energization to assure that such usage complies with the requirements of this Article.
