## **BUDGET LETTER**

**FISCAL YEAR 2026-2027**

June 5, 2026

Honorable Mayor and City Council  
City of Asheboro  
146 N. Church St.  
Asheboro, 272043 NC

Dear Mayor and Members of Council:

The proposed budget for the Fiscal Year beginning July 1, 2026, is submitted for your consideration. The recommendations contained in this budget are the result of the Council Budget Workshop in May. The proposed budget represents many hours of analysis by the entire staff and presents a sound financial plan for the provision of municipal services at present levels.

Many of our partnerships have flourished this year, such as working hand in hand with Randolph County to extend water to the eastern portions of the County, completing the last phase of the Wolfsped water line to Chatham County, and begin improving operations at the Seagrove Ulah Metropolitan Water District. These partnerships continue to benefit all involved by providing support and insight into complex issues facing our community and the region. Asheboro has been at the forefront of regional initiatives to protect our resources, limit liabilities, and leverage taxpayer dollars.

Economic Development activities are more important than ever if the city is to be successful long term. Randolph County Economic Development Commission (RCEDC), the Randolph Tourism Development Authority (TDA), and the Piedmont Triad Regional Council continue to share their expertise and assist the city and region as we look for new and expanded opportunities to create jobs and expand resources. The City continues to maintain confidence in their ability to assist us with strategies to take advantage of all development opportunities by participating in regional planning and marketing efforts enhancing the city's appearance, and strengthening our relationships with existing industries, as we continue to provide an atmosphere where business can grow and prosper.

RCEDC program initiatives continue to focus on serving as a resource for our established industry base and attracting new industry to the community. Product development remains key, and we are currently working with a private property owner at a strategic location in Asheboro with the goal of assembling land for a new industrial park. Since workforce availability is needed for both existing and prospective business and industry, we recently rolled out our Ride the Rise workforce attraction campaign with website

updates, new video content, and a targeted digital marketing campaign focused on creating awareness of opportunities in Asheboro and Randolph County.

We should now focus on having pad-ready sites, spec buildings, and expanding our workforce in quantity and quality. The city continues to develop partnerships with Randolph Community College to help expand their internship and apprenticeship programs. Engaging the student with work-based learning, exposes them to technology in real work settings.

### GENERAL FUND

In accordance with the §Article 159-11, the total General Fund budget for the City of Asheboro Fiscal Year 2026-2027 is \$52,421,888. It is because of the Council's focus on basic municipal services, conservative fiscal nature and sound long range planning that we enter the coming year optimistically. In order, to provide the same level of service expected by our citizens, I recommend the current tax rate of .71¢

The City Council has set a standard to be an employee centric organization and continues to make sure the staff has the resources needed to fulfill our obligations to the citizens. The proposed budget is based on an assessed valuation of \$3,673,574,784; a net value increase of \$99,177,544. I am confident we have estimated revenues conservatively. Real property collections equal an estimated \$23,733,991 and personal property from the Department of Motor Vehicles estimate is \$1,826,741 assuming a conservative 98.00% collection rate. For reference, the 2025 Audit showed a historic 99.4% collection rate.

The City of Asheboro has traditionally budgeted general fund balance and usually returns most of it. The current fiscal year 2025-2026 projects to use \$2,508,345 million in fund balance, and for fiscal year 2026-2027, we estimate to use \$3,380,958. In addition to Ad Valorem, the city projects a decrease in Sales Tax revenue of 3%. This lower number comes after years of significant sales tax growth from the addition of Internet Streamlined Sales Tax from Congress and reallocation of the distribution formula in the North Carolina General Assembly. Market inflation on commodities, food, higher energy prices, and multiple international conflicts have caused a retraction in spending. We will continue to closely watch sales tax revenue and adjust accordingly. I recommend continuing purchase order cutoff into the first quarter of the next fiscal year.

Other significant outside forces include the rising cost of health care in the United States. The City's employee health plan is self-funded, and we have been fortunate in recent years. With our renewal the City is projected to save 2.5% on the rate by switching to United Health Care, away from Cigna as our reinsurer. This critical move will allow Randolph Health to remain as an in-network provider, reducing the need to seek medical care out of county. This change along with prescription plan adjustments may result in \$1 million in projected savings. The net cost of health care benefits, including the onsite employee clinic, equate to \$15,265 per employee.

This year's general capital fund purchases include the following: replacement of 10 patrol units, a Crime Scene Investigator Truck, an ATV, and an Armored Personnel Carrier for the Police Department, the replacement of hydraulic cutters, spreaders, rams, and airbags, and replace one Command SUV for the Fire Department, replacement of a Pickup truck for Public Work Operations, new plotter for the Sign Shop, and a variety of tools and safety equipment in Fleet. Street Department will replace a 1996 dump truck and flail mower.

Equipment purchases are made via short-term 59-month financing. Historically, the City of Asheboro maintains a low debt service ratio. For fiscal year end June 30, 2025, the City's debt service as a percentage of the annual operating (non-capital expenditures) was 3%. This is well below the generally recommended range between 15% and 20% for local governments. We have a solid bond rating from Standard and Poor's of A2 and Moody's A+ respectively.

Asheboro's Environmental Service is well known as comprehensive and efficient. These essential sanitation services include street sweeping, recycling, garbage removal, white goods removal, leaf and grass clippings removal, and limb collection. These services are vital, noticed by our citizens, and provide a great service for everyone. The Environmental Service Department has used obsolete and recycled equipment for more than a decade. The proposed budget includes the purchase of 1 hydraulic side-loading sanitation truck, a new rear loader ABC Glass Recycling Truck, a new Road Tractor and Tipper Trailer for the Transfer Station.

Waste Management has increased tipping fees at the Great Oak Landfill from \$15 to \$31.93 per ton. Waste Management has informed the municipalities and private contractors to expect fee increases over the next few years. I recommend the city increase our Sanitation fee at \$23 for solid waste and \$7 for recycling per month, for every customer. Please note the increase in costs for sanitation services will need to be reviewed annually. Along with this fee comes a service change of allowing customers have a choice of 2 sanitation cans or, one sanitation can and one recycle can. Citizens can self-recycle at the transfer station 3 days per week as well.

The city receives numerous requests each year for community support to non-governmental or non-profit organizations. This year's requests total \$679,996. The Council's policy is to limit their community assistance to one cent of the tax rate which equates to roughly \$257,000. Other entities the city partners with are RCATS, DAI, Asheboro/Randolph Chamber of Commerce, and RCEDC. This year's notable projects include the second of a three-year commitment to Randolph County Area Transportation System. This is an 80/20 grant match and will fulfill the Council's Strategic Initiative to improve accessibility to public transportation. This will also be the first year of implementation our Small Business Investment Incentive program. With a focus on creating new taxable property and stimulating job growth to small business owners who are not large enough to qualify for state incentives.

## POWELL BILL FUND

Public Services are not only responsible for Environmental, but also maintain the city's 105 miles of streets, and countless miles of curb, gutter, and sidewalks. In the previous budget the City of Asheboro paved 5.4 miles of street and \$60,000 in sidewalk maintenance. This budget marks a change in priority by the City Council, to complete 5.27 miles of paving and \$160,000 in sidewalk repairs and establish Powell Bill as a separate fund.

## WATER AND SEWER FUND

The water and sewer operating funds are in stable condition however we have mission critical repairs to accomplish. Ongoing maintenance and inspections keep our system from falling into a state of disrepair and keeps basic life-giving services such as clean water affordable. I am recommending a Water and Sewer Fund budget of \$26,325,548 with the addition of a new Customer Service Manager and a new meter technician in anticipation of increased customer needs associated with the Seagrove Ulah Metropolitan Water District.

The proposed budget will increase both the base rate and the consumption rate for both water service and sewer service by 5.00%. The average customer has a  $\frac{3}{4}$ " meter and uses 300 cubic feet, or 2,244 gallons, per month. This 5% change equates to an additional \$3.21 per month. Staff recommends amending the monthly fixed capital improvement charge from a per account charge to a per meter charge to discern a more accurate revenue source. The fixed charge will continue to fund capital expenditures of pump stations, line replacement and repair and upgrades to the 56-year-old Waste-Water Treatment Plant WWTP and the 87-year-old Water Treatment Plant WTP, over the next 15 years.

The list of capital improvements for 2026-2027 includes rehabilitation of five pump stations and beginning the construction of the Pump Station #30 behind James River Power Equipment. This newest station will provide service to east Dixie Drive to assist with commercial development. Additional wastewater projects include the digester covers maintenance and cleaning. Continue smoke testing on the sewer outfall lines and cured-in-place/slip-lining of gravity sewer. All the above efforts will begin a decade-long plan to rehab our water and sewer infrastructure.

Systems Maintenance has become a priority of the Council. Staff have significant equipment needs to keep up with maintenance and growth in the system. This year's equipment needs include; replacement of three pickup trucks, two rubber-tired loaders, excavator, dump truck, a Hydro Excavator, Service Truck, adding a second Vacuum Truck, Grease Truck, replacing a Sewer Camera, and the Marooka Tracked Dump Truck

The City will move forward with Advanced Metering Infrastructure AMI; with the ability to collect more accurate real time data, read meters faster throughout the city, and give the customer improved information. Additionally, this budget prepares the way for future partnerships with Randolph County and other municipalities. In order to fund the list of

capital improvements, I recommend the rate and fee changes as presented and the use of \$208,867 in retained earnings. Many of our projects take years to design and permit, and this year we will establish a multi-year fund and capital reserve for these larger projects and for the implementation of the System Development Fees.

### SUMMARY

Listed above are the major components of this year's program of work. In addition to items funded in the annual budget, the city will continue the many multi-year projects that are underway including Jarrell Garden project funding, Fire Station 3/EOC, improvements at the Asheboro Regional Airport, Trade Street rehabilitation, and repairs to the Asheboro Branch of the Randolph County Library. Furthermore, the city will begin a year's long Comprehensive Plan, that will lay the ground work for the next 10/12 years of city initiatives and priorities. Given the current economic situation and the Council's strong desire to maintain a low tax rate, I recommend adopting the Schedule of Fees, by Resolution, to include the new System Development Fees as presented.

In conclusion, this year's budget is based on your direction, the city's long-range plans, and input received throughout the year. It includes added attention to those items that will make us competitive in this economic environment, addresses regulatory challenges, and maintains our present level of service. It focuses on basic municipal services and is our best effort to predict future needs. It builds on past decisions and looks optimistically to the future. This plan of work is the culmination of many hours of thought and work by you, the staff, and the city's volunteers serving on our appointed boards. The budget considers State and Federal fiscal issues and their potential effects on the City. It also weighs the impact of a dynamic economy, increasing mandates, future partnerships, and debt necessary for infrastructure improvements. The budget, as presented, will maintain the current level of city services and allow us to live reasonably within our means.

I am proud of the professional manner in which the city staff assisted with the preparation of this budget, and I commend each of them. We stand ready to assist you in any way possible as we move to adopt this budget for the fiscal year 2026-2027.

Sincerely,

Donald E. Duncan Jr.  
City Manager, ICMA-CM
