**CITY OF ASHEBORO**  
**JOB OPPORTUNITY ANNOUNCEMENT**

VACANCY #2014

**Opening Date: Monday, September 9, 2019**

**Closing Date: Monday, September 23, 2019**

# Laboratory Technician

**(Division of Water Resources)**

An employee in this class is responsible for making a variety of examinations and tests on samples of water and wastewater at various stages of treatment and in interpretation of results. Standard procedures are used in making analyses and test results are compared with established standards to determine adequacy of treatment. Worker exercises independent judgment within the framework of accepted professional techniques and works under the general supervision of the Water Quality Manager. Work performed under the management of the Water Quality Manager and may be evaluated by direct observation or by inspection of completed analyses.

**Qualifications:**

Graduation from a four-year college or university preferably in a science-related field, or graduation from an accredited two-year college program, supplemented by advanced training in chemistry and bacteriology. Experience in laboratory testing or any equivalent combination of experience and training.

**Physical Requirements:** Must be able to lift 50 to 75 pounds. Use of microscope and other laboratory instrumentation. Exposed to pathogens, chemicals, fumes, noise, and odors. Will work outdoors in varying weather conditions.

**Starting Salary: \$36,616.00 Annual**

**Procedure for Receiving Applications:** Please pick up applications from the Human Resources Department and deliver or mail them to Lesia Cox, Human Resources Manager, City of Asheboro, 225 East Academy Street, Asheboro, NC 27203 by **5:00 pm on Monday, September 23, 2019**. The City of Asheboro is an at-will, equal opportunity employer.
